

# Environmental Compliance Training Hazardous Waste Generator

## AGENDA

8:00 – 8:30	Registration
8:30 – 8:45	Introduction
8:45 – 9:15	RCRA– What is it and why does it exist?
9:15 – 10:00	Waste Determination
10:00 – 10:15	<b>Break</b>
10:15 – 10:30	Generator Status and Registration
10:30 – 11:15	Hazardous Waste Management <ul style="list-style-type: none"><li>• Accumulation</li><li>• On-site Treatment</li><li>• Manifest Requirements</li><li>• Recordkeeping and Reporting</li></ul>
11:15 – 11:45	Universal Waste
11:45 – 1:00	<b>Lunch</b>
1:00 – 1:30	Employee Training and Emergency Response
1:30 – 1:50	Regulatory Updates and Pending Changes
1:50 – 2:20	Inspections– What to expect and how to prepare
2:20 – 2:45	Hazardous Waste Assessment Exercise and Annual Reporting
2:45 – 3:00	<b>Break</b>
3:00 – 3:30	Pollution Prevention: Avoiding RCRA
3:30 – 3:50	KY EXCEL– Reaching Beyond the Law
3:50 – 4:15	Conclusions/Questions

A photograph of a worker wearing a yellow hard hat and safety glasses, working with several large yellow drums. The drums are labeled with text such as 'POLYURETHANE RESINS URECOR SYSTEM 4272 POLYOL COMPONENT NET WT 65 LBS LOT N' and 'REMIDIAS ATHENS GREECE'. The worker is using a tool to open one of the drums.

simplifying **Compliance**
